PHI Circular 76/24 – Consultation on draft National Joint Replacement Registry Cost Recovery Implementation Statement

This statement describes how we recover the costs of administering the National Joint Replacement Registry.

Date published: 23 October 2024

PHI circular type: Prescribed List announcement

Audience: Health sector

Stakeholders are invited to provide feedback on the [draft Cost Recovery Implementation Statement \(CRIS\) 1 July 2024 – 30 June 2025](#).

This draft CRIS provides information on how the department will administer cost recovery arrangements relating to the National Joint Replacement Registry for the 2024-25 financial year.

The draft CRIS also provides information on financial and non-financial performance, legislative changes, and financial and demand forecasts for 2024-2025.

The CRIS was last updated on 30 November 2023 to report the financial and non-financial results for the 2023-24 financial year.

Stakeholders can submit their feedback to PLcostrecovery@Health.gov.au by 6 November 2024.

The final CRIS document will include a summary of the feedback received from stakeholders.
